It ~~is~~ an ~~often commented fact~~ that ~~a~~ spell checkers ~~will do~~ not ~~catch~~ identify all the mistakes ~~on~~ in ~~your a given~~ text. ~~To be m~~More specifically, ~~it they will do~~ not ~~catch~~ recognise misspellings that form other valid words.

So, how ~~do you can this problem be~~ solved ~~this problem~~? By Pproofreading, of ~~course~~ course!

Re-read ~~Just read again through~~ your text trying to spot for words that ~~don't fit~~ are not in keeping with your original meanings, and make sure ~~to not~~ to ~~lose~~ the focus while you do it. Proofreading is sometimes more important ~~then~~ than using the spell checker ~~itself~~.

Practically ~~You should proofread virtually~~ practically any written piece, from emails to blog posts, should be proofread. Proofread Check through your homework as well, since you do ~~n't not~~ want to ~~drive irritate~~ the ~~principle~~ principal of your school ~~crazy~~.

~~Let's be honest,~~ It can be said that misspelled words are ~~defianitely~~ definitely a sign of ignorance.

The simple act of proofreading will have a great ~~affect~~ effect on the quality of your ~~material work,~~ and I am sure that you ~~wi~~ll ~~earn~~ receive more ~~complements~~ compliments from people regarding your written pieces.

~~Their~~ There you go my friend, and take this advice seriously. After all, you do ~~n't not~~ want to ~~look~~ appear ~~dumb~~ uninformed in front of the general public!
